The Daylight Store**ALL ABOUT HIGHER PRICES.**

When you start out with five dollars and return with but four dollars' worth of goods and money all gone then you realize that things have taken a jump. The dry goods market is that way today and before you have time to think very many times prices will have moved up several notches. The following we want to ask you to think quick about.

GINGHAMS.

Whether you buy of us or at some other store if you can get them at old prices take all that you will want for Spring or Summer use.

Ginghams in a good assortment of styles, in plaids and stripes, now at only 8c per yard.

Madras Ginghams in plain colors, now at 8c per yard.

A. F. C. and Red Seal Ginghams in a full assortment now at **12 1-2c**. These goods are sold up ahead by the manufacturers for more than one year in advance.

Those that have not bought carefully and in advance will not be in a position to make you old prices and deliver the same quality goods.

PERCALES.

The story on Percal is a sad one, one of the largest manufacturers burnt out, another positively refusing to make any more Percal as long as the cost of manufacture is as high as at present. If you were to get new Percal of the best quality today the price would have to be 18c, instead of 12 1-2c.

We have a few yard-wide Shirting Madras of the 20c and 25c grades that come in small cuts that we are selling at 15c per yard.

If you buy Lustre Satines any time while we have this for the price will be only 15c. Later on the next purchase will be quite a little more.

SILKS.

We are well supplied with Silks for the present and are holding prices down. This we cannot do very long.

Those who are wanting Silks for graduation or commencement dresses will get a better assortment now and at the same time save enough so that you can later notice it.

These Suesine Silks have already advanced since the season opened. Ours were bought at the old price and go to you the same way.

Our Band A 27-inch Colored Taffetas are priced at **\$1.00** only on our present stock.

A WET WEATHER FRIEND

A good Cravenette Rain Coat is a man's best friend during the "twist wind and water" of the Spring season. So long as water is wet every man should own a Rain Coat. The fabric in our Rain Coats has been put through the waterproofing process and will shed rain and moisture. The garments are made by the same tailors that make our fine Top Coats. They are smart in style; with broad shoulders, and full, loose, stylish backs; while being rain-proof, when occasion demands their protection. We show quite a variety of attractive new styles. **\$10.00, \$12.00, \$15.00 to \$22.50.** Our Clothing is all backed by our guarantee of "Money back if you want it," and you're always safe here.
